Reviewer's report

Title: Parental attitudes towards male human papillomavirus vaccination: a pan-European cross-sectional survey

Version: 2 Date: 17 July 2014

Reviewer: Hina Rahee

Reviewer's report:

Minor Essential Reviews

Abstract:
• In methods section, correct the spelling for chi-square

Results:
• Please put table numbers before starting an explanation of results in that particular table. For eg. table 4 illustrates data on.....

Major Compulsory Revisions

Methods:
• Table 1: Please explain what does p-value indicate here, and put them into a separate row/column
• Table 2: put this as an annexure, no need to put it in main text
• Table 5: Also please explain why are there several p-values in each rows and what does each p-value indicate.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
