Version: 7 Date: 23 February 2015

Major Compulsory Revisions

The Statistical analysis shows yet mistakes.

The term of "Correspondence analysis" that the authors report in Appendix A not is appropriate, because the output reported in Appendix A is a Correlation matrix.

I suggest to the authors to replace the term "Correspondence" with Correlation in Appendix and also into the text.

Furthermore, in Appendix A is missing the analysis on question Q5. I suggest to report it.
