Reviewer's report

Title: Drug Resistance Patterns of Mycobacterium Tuberculosis Complex and Associated Factors among Retreatment Cases around Jimma, Southwest Ethiopia

Version: 1 Date: 6 September 2014

Reviewer: Said Abbadi

Reviewer's report:

1. introduction page 3 line 9 leave space between of three
2. The questionnaire used in the study has to be included in the appendix
3. the sample size is not enough to reach to these conclusions
4. the font used in writing the references is not the same in all references need to be revised and corrected

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
