Reviewer’s report

Title: Assessment of water, sanitation, and hygiene practice and associated factors in a Buruli ulcer-endemic district in Benin (West Africa)

Version: 2 Date: 23 May 2015

Reviewer: Ernest Kenu

Reviewer’s report:

Minor Essential revisions

Abstract:
The abstract has been improved and acceptable.

Main Manuscript

Line 129 should read, “Six hundred percent and not Six cents (600) heads of households.

Line 208, kindly check the punctuation and the 53.3% not “lack of infrastructure, however, forces 53.3% of the households to use this water”

Line 211 has double full stop. Kindly remove one.

Line 217 need to be corrected especially the percentages. “Open defecation is most frequently used by 91.32%% as shown in the household survey”.

Line 232 – correct the percent figure written

P-values should be stated properly, <0.01 or <0.001 etc

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.
