Reviewer’s report

Title: Do consumers 'Get the facts'? A survey of alcohol warning label recognition in Australia

Version: 3 Date: 10 August 2015

Reviewer: Kirsty Scholes-Balog

Reviewer's report:

Thank you for the opportunity to review a revised version of the manuscript. The authors have done an excellent job of addressing all comments and the manuscript is vastly improved.

I only have one minor comment on the revised manuscript that the authors should address:

1. Results section, paragraph on use of the drinkwise website: the authors state the recognition of the logo was the strongest predictor of visiting the website. However, according to the corresponding table, drinking wine was the strongest predictor, followed by recognition of the logo.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
