Reviewer's report

Title: Prevalence of obesity in a rural Asian Indian (Bangladeshi) population and its determinants

Version: 2
Date: 23 February 2015

Reviewer: Maria Ines Varela-Silva

Reviewer's report:

Major compulsory reviews:
The study needs a hypothesis and more than just the presentation of descriptive associations. The authors present some educational, SES, lifestyle variables that are not used in the analysis to show any impact of these on the overweight/obesity levels

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests'
