Reviewer's report

Title: How to Incorporate Broader Outcomes in Economic Evaluations of Public Health Interventions: A qualitative analysis based on semistructured experts interviews

Version: 3 Date: 18 August 2015

Reviewer: Laura Bojke

Reviewer's report:

Having read the revisions made to the manuscript, I am satisfied that the authors have made sufficient changes to warrant acceptance for publication. In particular the authors have changed the scope of the project and title, reflecting the qualitative nature of the project.

Aside from small editorial changes, no further revisions are required.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
