Reviewer's report

Title: Cost-effectiveness of HPV vaccination regime: Comparing twice versus thrice vaccinations dose regime among adolescent girls in Malaysia

Version: 3 Date: 3 October 2015

Reviewer: Gretchen E. Ely

Reviewer's report:

The subject of this manuscript is of interest to the readership of this journal and the authors make a case that this is a contribution to the literature. The paper builds on relevant literature, with a solid description of methods and relevant analysis. Limitations are addressed. The paper would be strengthened with some additional editing for grammar and clarity.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
