Reviewer’s report

Title: Prevalence of Chlamydia trachomatis and Neisseria gonorrhoeae infection in adolescents in Northern Italy: an observational school-based study.

Version: 2 Date: 29 December 2015

Reviewer: Massimo GIULIANI

Reviewer’s report:

Dear Authors, many thanks for your rebuttal letter.

Only a further change in the manuscript I require.

The sentence at the line 283-284 "Our results suggest limited circulation of the bacterium among the adolescent population included in the survey." must be rephrased in: "Our results suggest no circulation of the infection among the adolescent population included in the survey".

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
