Reviewer's report:

I greatly appreciate the time that the authors took to address my suggestions and to clearly articulate their changes. They have adequately addressed all of my comments, and I have no further concerns.

Below I have noted two very minor copy-editing suggestions:

Line 137, "Principal Investigator" doesn't need to be capitalized.

I found the sentence on line 531 difficult to read, due to the length and the structure of the sentence.
