Reviewer’s report

Title: Long term unemployment, income, poverty, and social public expenditure, and their relationship with self-perceived health in Spain (2007-2011)

Version: 2 Date: 27 Sep 2017

Reviewer: William Hulme

Reviewer's report:

The latest changes have really improved this paper, in particular concerning the appropriateness of conclusions - well done.

Minor suggested revision: Given the confusion over the use of longitudinal modelling methods, it would be a good idea to report the Stata commands used to build the models.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
