Reviewer’s report

Title: From intervention to interventional system: Towards greater theorization in population health intervention research

Version: 2 Date: 21 Jan 2019

Reviewer: Maria Maynard

Reviewer's report:

These comments refer to the editorial revisions suggested in this latest version of this debate article.

- The objectives of the paper are more clearly set out aiding the expectations of the reader and the addition of a table of the key terms and their definitions is useful.

- Overall, the flow, structure and writing style amendments have made the paper much more accessible.

- The information in boxes illustrate the application of the theories as suggested, however the boxes need numbering and titles, and also need to be referred to in the text.

- A final proof read is required.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript

Quality of written English
Please indicate the quality of language in the manuscript:

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
