Reviewer's report

Title: Impact of disease screening on awareness and management of hypertension and diabetes between 2011 and 2015: results from the China Health and Retirement Longitudinal Study

Version: 0 Date: 23 Oct 2018

Reviewer: Carine Sangaleti

Reviewer's report:

I suggest including as a key words: cardiovascular disease, diabetes and hypertension

Introduction - line 47: Describe which sources have been identified. It is necessary to explain which sources were used to identify the level of awareness about the disease

Methods - pg 6, line 23: How many participants agreed to take a new blood sample and how many repeated the physical examination?

Discussion page 11, line 54: the authors cite: clinical trials, and cite only one.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
Please indicate the quality of language in the manuscript:
