Reviewer’s report

Title: Fluoroquinolone consumption and Escherichia coli resistance in Japan: An ecological study

Version: 1 Date: 25 Mar 2019

Reviewer: Željko VOJVODIĆ

Reviewer's report:

The authors have improved, respecting the comments of the reviewers, the understanding of the goals, methodology and overall results of the work.

The revised article has greater consistency and clarity, and the main message is more understandable. All major strengths and limitations in the context of ecological study design were properly addressed.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
