Title: Win/win partnerships between Geneva health-related institutions and caregivers of people with dementia: a descriptive cross-sectional study

Version: 0 Date: 04 Mar 2019

Reviewer: Aabid A. Ahmed

Reviewer's report:

1. The methods section in the abstract should be in past tense. There are some lines that are in future tense. Kindly correct.

2. The results in the abstract cannot be traced to the methods stated in the methods section. Please ensure that the results stated are from the methodology adopted in the study.

3. Similarly, the conclusions drawn and stated in the abstract do not seem to be emanating from the results. All statements in the conclusion need to be justified or linked to findings in the results section.

4. It would be nice to have the geographic location of the study indicated in the title. This would help future scholars during searches.
