Title: Development of a context-sensitive physical activity intervention for persons living with HIV and AIDS of low socioeconomic status using the behaviour change wheel.

Version: 1 Date: 06 May 2019

Reviewer: Joachim Voss

Reviewer's report:

Dear Authors,

Thanks for your thoughtful edits to the manuscript, they addressed all the the concerns that were previously mentioned. They have greatly improved the understanding of the content. I have a few minor comments for you to address:

1. The abstract contains twice the word study.

2. Please order the keywords alphabetically.

3. For the four studies, please provide dates when they were conducted and IRB approval for each of the studies if applicable.

4. You supplied twice the Behavior Change Wheel with different reference numbers at the end of the document.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
