Reviewer’s report

Title: Prevalence of diabetes and pre-diabetes in rural Tehri Garhwal, India: Influence of diagnostic method

Version: 2 Date: 05 Jun 2019

Reviewer: Dawit Ayele

Reviewer's report:

The manuscript is written very well. The analysis used for this study is acceptable as an initial analysis. But, as future direction, the authors have to consider more advanced statistical methods to identify influential determinants for diabetics.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
