Reviewer’s report

Title: “They’re always there”: Resident Experiences of Living with Rats in a Disadvantaged Urban Neighbourhood

Version: 2 Date: 11 Jun 2019

Reviewer: Louise Lawson

Reviewer's report:

The article is much improved and I enjoyed reading it.

One very minor comment - check usage of terms 'participant', 'respondent' and 'individual' when describing research participants. I would be inclined to make the article consistent using the term participant throughout.

Best wishes to the authors.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
