Reviewer’s report

Title: Screen time among Spanish university students with disabilities: a Self-Organizing Maps Analysis

Version: 0 Date: 02 May 2019

Reviewer: Ladislav Baloun

Reviewer's report:

The topic of the manuscript is interesting and I consider monitoring of screen time of people with disability as beneficial.

If you have data please, divide and provide your results accordance the type of disability.

Some data shows high value of standard deviation!!! Be careful when you working and comparing the average of ST.

I have not work with Self-Organizing Maps and I am not able to assess suitability of this method.

Other comments are in pdf of the manuscript.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Unable to assess

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
