Reviewer’s report

Title: The effect of smoke-free legislation on the mortality rate of acute myocardial infarction: a meta-analysis

Version: 1 Date: 10 Sep 2018

Reviewer: Hualiang Lin

Reviewer's report:

The reviewers have done a quite good job on revising the manuscript according to the reviewers' comments and suggestions, my only comment is that there have been a few similar systematic review and meta-analysis on this topic, the reason for re-conduct this study should be further emphasized.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
