Reviewer's report:

Psychometric Assessment of the Post-Secondary Student Stressors Index (PSSI)
PUBH-D-19-02648

Thank you for the opportunity to review this interesting and useful paper. I recommend minor changes of the manuscript which are as follows:

* In methodology part, its better at least one paragraph explain about main point such, sample size, sampling method, place,… And for detail refer to previous publication
* In page 6, Please nominate pilot test was conducted among how many students, how choose it

I hope that this information is useful to the editors and authors. Finally, to draw a conclusion, I believe the authors should do the above minor corrections before you publish it.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
