Title: Association between dementia and discharge status in patients hospitalized with pneumonia

Version: 0 Date: 19 Jan 2017

Reviewer: Michael Marcus

Reviewer's report:

This Manuscript addressed an important public health issue, association between dementia and discharge status in patients hospitalized with pneumonia. The authors can improve the quality of the manuscript by elaborating more on the background, methods, statistical analysis, results and the discussions. The authors should especially consider the use of imputation technique to address the missing data issue.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
