Reviewer’s report

Title: Test-retest repeatability of child's respiratory symptoms and perceived indoor air quality - Comparing self- and parent-administered questionnaires

Version: 0 Date: 16 Sep 2017

Reviewer: Juliana Binti Jalaludin

Reviewer’s report:

Sampling methodology and sample size estimation was not clearly discussed

Justification on sampling criteria was not clear

The selection of five schools as case schools and control need to be justified

Need to be improved in the discussion and study limitation

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
