Reviewer’s report

Title: Increased expression of lung TRPV1/TRPA1 in a cough model of bleomycin-induced pulmonary fibrosis in guinea pigs

Version: 2 Date: 09 Dec 2018

Reviewer: Scott Philips

Reviewer's report:

The authors adequately addressed my questions. I only recommend these small grammatical changes:

Page 2, line 3: insert 'the' before …quality of life of patients
Page 3, line 8: add 's' to end of… decrease
Page 3, line 18: add 's' to end of… role
Page 5, line 22: replace 'rest' with remaining
Page 11, line 22: add 'were' between… 'they' and 'also'
Page 11, line 24: replace 'a lot' with significantly
Page 13, line 20: remove 'which'
Page 14, line 5: replace 'need to sacrifice' with 'requires sacrificing'
Page 14, line 15: add 'the idea' between… 'supporting' and 'that'
Page 14. line 16: replace 'process of pulmonary fibrosis' with "the pulmonary fibrotic process"

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

**Quality of written English**
Please indicate the quality of language in the manuscript:

Acceptable

**Declaration of competing interests**
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
