Reviewer’s report

Title: Circadian rhythm of COPD symptoms in clinically based phenotypes. Results from the STORICO Italian observational study.

Version: 1 Date: 29 Jul 2019

Reviewer: Marise Kasteleyn

Reviewer's report:

The authors did a great job and improved the article. My comments were addressed adequately and the manuscript is adjusted accordingly.

Some minor comments:

* I commented on the study design description. This is clarified in the methods section of the manuscript, but not in the abstract. I suggest to include "observational prospective cohort" in the abstract as well.

* Figures are still of poor quality, but they are readable, and hopefully the editors/lay-out can help with that.

* In the discussion the authors compare their results to previous literature (thanks for that). However, references are missing (line 387-389)

Are the methods appropriate and well described?
