Reviewer's report

Title: Analgesic efficacy of cerebral and peripheral electrical stimulation in chronic nonspecific low back pain: a randomized, double-blind, factorial clinical trial.

Version: 2 Date: 5 January 2015

Reviewer: Ronald Glick

Reviewer's report:

The authors have addressed my concerns. The article appears reasonable as written.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
