Reviewer's report

Title: Unipedicular versus bipedicular percutaneous vertebroplasty for osteoporotic vertebral compression fractures: a prospective randomized study

Version: 3 Date: 11 May 2015

Reviewer: xuhua lu

Reviewer's report:

This is a meaningful study paper with research on percutaneous vertebroplasty (PVP) with high viscosity cement via unipedicular and bipedicular approach. This revised manuscript should be accepted and published.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
