Reviewer's report

Title: Polymorphic variation of Hypoxia Inducible Factor-1 A (HIF1A) gene might contribute to the development of knee osteoarthritis

Version: 2 Date: 31 May 2015

Reviewer: Panagiotis Lepetsos

Reviewer's report:

In my opinion, the sample size of the study remains unacceptably small. Thus, it cannot be published until the sample size is at least doubled.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
