Title: Desmoid Tumours of the Extremity and Trunk. A retrospective Study of 44 Patients

Version: 1 Date: 19 Sep 2017
Reviewer: Eberhard Stoeckle

Reviewer's report:

This is a revised version of Wirth's, et al. paper on desmoid tumors.

The author have responded to all questions. All modifications have been done, accordingly.

Consequently, the manuscript has been improved and I support it to be published in it's actual form.

As a remark, which does not change my opinion in favor of publication, is that I would have prefered a presentation based on patient, not procedure numbers. It is the authors choice.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
