Reviewer’s report

Title: A Comparison of Lumbar Transverse Pedicle Angles between Ethnic Groups: A Retrospective Review

Version: 1 Date: 21 Jan 2019

Reviewer: Anil Kumar

Reviewer's report:

Author has made necessary changes to the manuscript as suggested by both reviewers.

There are some minor grammatical errors that need revision.

Background section, page 6, first paragraph- 'A more recent study undertaken in .... goniometer measurements Sani' - Either correct the line to 'A more recent study by Soni et al ... or take away the author name altogether from this line.

Table 2 has too much data in it, not sure if there is any other simplistic way to present it.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review
Quality of written English
Please indicate the quality of language in the manuscript:
