Title: Choroid Vascular Occlusion and Ischemic Optic Neuropathy after Facial Calcium Hydroxyapatite Injection

Version: 3 Date: 18 December 2014

Reviewer: babak saedi

Reviewer's report:

Minor Essential Revisions
I am privileged to review manuscript "Choroid Vascular Occlusion and Ischemic Optic Neuropathy after Facial Calcium Hydroxyapatite Injection- A Case Report"
It is a well-written rare case about complication after filler injection. However, these points should be considered before acceptance.
The site of injection and also more explanation about the reason of injection can be helpful for more clarification
The brand of hydroxyapatite should be mention in case reports
Patients pictures and also other anatomic characteristics can be helpful to prevent similar problems

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
