Reviewer's report

Title: Laparoscopic transperitoneal lateral adrenalectomy for malignant and potentially malignant adrenal tumors

Version: 2
Date: 15 May 2015

Reviewer: Takahisa Suzuki

Reviewer's report:

The article describes that safety of laparoscopic surgery for the malignant or potentially malignant adrenal tumors.

I agree with your conclusion that the laparoscopic surgery for malignant adrenal tumor is feasible if the surgeon is expert.

<Minor revisions>
In line 91, 'performed all' was described twice.
In lines 108-113, these sentences were the same as those in lines 90-95.
In Table 4, no need for the patients' initials.

Level of interest: An article of importance in its field
