Reviewer's report

Title: Impact of ABO blood group on the prognosis of patients undergoing surgery for esophageal cancer

Version: 3 Date: 26 January 2015

Reviewer: Ozgur Tanriverdi

Reviewer's report:

Minor Essential Revisions

Some sentences are not clear and paper include some spelling errors. These must be correct by authors.

Statistical analysis is enough

Limitations of study had been clearly indicated by authors

Best regards

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
