Reviewer's report

Title: Impact of ABO blood group on the prognosis of patients undergoing surgery for esophageal cancer

Version: 4 Date: 21 April 2015

Reviewer: Hasan Batirel

Reviewer's report:

I think the paper has been improved with the revisions and conveys a message to the practising esophageal surgeon.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
