Reviewer’s report

Title: Arteriovenous malformation in the sigmoid colon of a patient with Cowden disease treated with laparoscopy: A case report

Version: 0 Date: 25 Feb 2018

Reviewer: Antonio Manenti

Reviewer’s report:

Please include all comments for the authors in this box rather than uploading your report as an attachment. Please only upload as attachments annotated versions of manuscripts, graphs, supporting materials or other aspects of your report which cannot be included in a text format.

Please overwrite this text when adding your comments to the authors. A suggest to discuss that a limited artero-venous malformation in the portal venous system does not induce secondary portal hypertension. If you like 37.

Zizzo M, Roncati L, Colasanto D, Manenti A.

can add the following reference:

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
