Title: Doppler-guided Transanal Hemorrhoidal Dearterilization Versus Conventional Hemorrhoidectomy for Treatment of Hemorrhoids - Early and Long-term Postoperative Results

Version: 0 Date: 20 Feb 2018

Reviewer: Mohamed E. Farid

Reviewer's report:

Please include all comments for the authors in this box rather than uploading your report as an attachment. Please only upload as attachments annotated versions of manuscripts, graphs, supporting materials or other aspects of your report which cannot be included in a text format.

Please overwrite this text when adding your comments to the authors. 1-the number of patients are little in 5 years time and the number of surgeons are numerous shall i ask all authors are general or colorectal surgeons ? 2- hospital stay for the two procedures is too much days why? 3- ethical consent how it is come that the patients agree about CH IN SPITE OF knowledge post operative stormy situation 4-incidence of HD ranged from 4-36% as written why they did not remove the odds from literature 5- major linguistic revision 6-one patient has fissure why you don't exclude 7-you did not mention how many patients in each group have constipation

Are the methods appropriate and well described?  
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?  
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?  
If not, please explain in your comments to the authors.

Unable to assess

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?  
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review
Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
