Title: Surgical-only treatment of pancreatic and extra-pancreatic metastases from renal cell carcinoma - quality of life and survival analysis

Version: 1 Date: 02 Mar 2020

Reviewer: Alessandro Zerbi

Reviewer's report:

Authors have deeply revised the manuscript and the conclusions: both the discussion and the conclusions are now more adherent to the presented data. The paper still retains some limitations, mainly related to the small numbers and to the lack of homogeneity among subgroups of patients. However the efforts in ameliorating the manuscript should be appreciated.
