Reviewer's report

Title: Small lymphocytic lymphoma with florid perniosis-like features: a case report

Version: 2
Date: 1 May 2015

Reviewer: Mingyi Chen

Reviewer's report:

1. The conventional immunophenotype of CLL/SLL is CD5+/CD20 dim+/CD23+/FMC-/Cyclin D1-. The author should discuss why CD23 is negative in this case.

2. I would like to see a peripheral blood smear and possible flow cytometry data on this case.

3. The author should also mention if the patient has lymphadenopathy or splenomegaly.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
