**Reviewer’s report**

**Title:** Knowledge and care seeking practices for ear infections among parents of under five children in Kigali, Rwanda: a cross-sectional study

**Version:** 1  **Date:** 15 Sep 2017

**Reviewer:** Mustafa ÇELİK

**Reviewer's report:**

Dear authors,

The paper is much better than its previous version.

But some changes are required;

1- Keywords are missing..Add the keywords to the end of the abstract.

2- The nature of study should be added to the title, such as prospective, cross-sectional study...

3- Presentation of table should be improved.

4- Average age should be added to the table-1.

After these initial revisions, I will be happy to accept your paper for publication.

Best regards.
Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review

Quality of written English
