Reviewer's report

**Title:** Low concentrations of serum testosterone predict acute myocardial infarction in men with type 2 diabetes mellitus

**Version:** 3  
**Date:** 2 July 2015

**Reviewer:** Giulia Rastrelli

**Reviewer's report:**

The revised manuscript has been also partially edited and response to reviewers are not in fully agreement with changes in manuscript. The Authors are invited to check carefully for this. For example, the Authors report that analyses containing estradiol were deleted, however table 3 still reports estradiol. In table 1 and 2 several units of measurement are still lacking.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, and I have assessed the statistics in my report.
