Reviewer’s report

Title: Berberine improves glucogenesis and lipid metabolism in nonalcoholic fatty liver disease

Version: 0 Date: 19 Nov 2016

Reviewer: Amit Bhargava

Reviewer's report:

I would like to congratulate the authors on an excellent and well thought out study, assessing a wide spectrum of lipid and glucose dysregulation that occurs in patients with NAFLD.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I recommend additional statistical review

Quality of written English
