Reviewer's report:
I find it difficult to understand how this body of work originated from just one individual. I would suggest the author add everyone who contributed towards the data shown - not least the statistical expert sought as part of my initial response.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
Unable to assess

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
No

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
No

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
I recommend additional statistical review
