Reviewer’s report

Title: Effect of duration of diabetes on bone mineral density: A population study on East Asian males

Version: 1 Date: 13 Mar 2018

Reviewer: Jennie Walsh

Reviewer's report:
The authors have addressed all my comments.

Just one possible correction:
This sentence doesn't make sense:
'These women with prior fractures have significantly lower femoral neck volumetric BMD, a trend towards larger volumetric BMD on quantitative CT and higher serum levels of sclerostin than diabetic women without fractures and nondiabetic controls with fractures (increases of 31.4% and 25.2%, respectively) [31]'

Should 'larger volumetric BMD on quantitative CT' be 'lower volumetric BMD on quantitative CT'?

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.
Yes
Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?

If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

**Quality of written English**

Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

**Declaration of competing interests**

Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?
2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?
3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?
4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?
5. Do you have any other financial competing interests?
6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
