Reviewer’s report

Title: Investigation and management of moderate to severe inpatient hyponatraemia in an Australian tertiary hospital

Version: 1 Date: 11 Nov 2018

Reviewer: Christoph D. Schwarz

Reviewer's report:

The scientific work was carefully revised according to the suggestions of the reviewer.

The authors have satisfactorily responded to all my questions and I have no further comments.

Although the paper has some limitations because of the retrospective design it gives a good insight in the real world management of hyponatremia.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Unable to assess

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

Not relevant to this manuscript
