Title: Effect of liraglutide on blood pressure: a meta-analysis of liraglutide randomized controlled trials

Version: 3 Date: 16 Nov 2018

Reviewer: Alon Eisen

Reviewer’s report:

The authors have nicely addressed the issues raised.

Nevertheless, although the figures are adequate and well prepared, the text throughout the manuscript must be language edited and significant modifications should be performed.

In addition, I suggest the authors not to use the "subgroup" term when refering to the groups by dose or by time (>1 year) but rather use "stratification" for example: "pateints were stratified according to liraglutide dose...."

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.
