Reviewer’s report

Title: Self-Reported Hypoglycemia in Adult Diabetic Patients in East Gojjam, Northwest Ethiopia: Institution Based Cross-Sectional Study

Version: 4 Date: 24 Dec 2018

Reviewer: Georgia Argyrakopoulou

Reviewer's report:

The authors commented on the reasons of the increased percentage of (53.6%) of type 1 diabetes mellitus. However, it is not added in the text and I suggest that there should be a reason explaining the unusual findings. Also, the rest of the responses of the authors regarding the methods of diagnosing hypertension and retinopathy should be also added to the text.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
Please indicate the quality of language in the manuscript:
