Title: Type 1 diabetes-associated cognitive impairment and diabetic peripheral neuropathy in Chinese adults: results from a prospective cross-sectional study

Version: 2 Date: 28 Oct 2018

Reviewer: Baqiyayah Conway

Reviewer's report:

The authors have adequately addressed most of my concerns. I just have a few minor comments:

1. In the Methods section, page 4. please be more specific about where in the supplementary materials the cutoff points for NCV are listed. Which table(s)?

2. Please indicate in the title of Table 3 whether the data in the table are from univariate or multivariate analysis.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
