Reviewer’s report

Title: Testing for type 1 diabetes autoantibodies in gestational diabetes mellitus (GDM): is it clinically useful?

Version: 1 Date: 21 Aug 2018

Reviewer: Glynis Ross

Reviewer's report:

Minor English wording changes/editing needed throughout.

Overall this narrative review covers the relevant issues and the conclusion reflects that from published data.

There was no mention regarding the occasional presentation of T1D acutely in pregnancy with for example DKA. Although this is beyond the specific topic of this paper I would like to see1 sentence on this in the introduction section.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
