Title: Estimated 8-year cumulative incidence of diabetes mellitus among Sami and non-Sami inhabitants of Northern Norway - The SAMINOR Study

Version: 0 Date: 18 Feb 2019

Reviewer's report:

Thank you for your interesting manuscript.

But, there is an important mistake: table 1 and 2 are similar, please, delete and change table 2, respectively and write correct headlines for both.

And another question: why do you have calculated odds ratios, but not the risks (e.g. relative risks) since incidences are risks. I am afraid that could be the reason for missing significance.
