Title: Relationship between inflammatory markers and mild cognitive impairment in Chinese patients with type 2 diabetes: a case-control study

Version: 2 Date: 30 May 2019

Reviewer: Hiroshi Akasaka

Reviewer's report:

Authors revised the manuscript each comment that I have pointed out, and the revised version is satisfactory. I think that the revised version is now suitable for publication except only one point: in Figure 1, two "from" overlap.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
